The screenshot displays the Node-RED web interface in a browser. The main panel is titled "Edit form node" and shows the configuration for a form node. The form is named "[Medicine_Reminder] Medicine_UI". The "Size" is set to "auto" and the "Label" is "optional label".

The "Form elements" section contains a table with the following data:

Label	Name	Type	Required	UIRows	Remove
Enter the Medicine	name	Text	<input checked="" type="checkbox"/>		
Time (HH:MM) 24h	time	Text	<input checked="" type="checkbox"/>		
Date[YYYY-MM-DD]	date	Text	<input checked="" type="checkbox"/>		

Below the table, there is a "Buttons" section with a "submit" button and a "cancel" button. The "submit" button is currently disabled.

The right sidebar shows the "dashboard" tab with a "Layout" section containing a "Medicine_Reminder" node, which is expanded to show the "Medicine_UI" form node.
